### **SYNOPSIS**

In Book #3 of the series, Diana Daggert continues her quest to acquire the original Emerald Crystals from ancient Atlantis, aiming to control global energy and achieve financial dominance. However, she continues to face opposition from The Seekers, a group of spiritual warriors with enhanced abilities, determined to stop her.

This installment introduces new characters who join The Seekers, training to enhance their powers while Diana strengthens her own Metaphysical Warrior army. The conflict spans from Belize to Puerto Rico and erupts into open warfare in the Caribbean Sea.

As an inspirational thriller for mature readers, the story explores complex philosophical themes and includes elements of violence and a range of sexualities among well-built, attractive characters who embrace love, lust, and conflict.

We hope you enjoy the adventure!
